

Are you a **TEACHER** or **EDUCATION PROFESSIONAL** looking for **INNOVATIVE PROFESSIONAL DEVELOPMENT**?

All our online courses are:

COMPLETELY FREE • 4-8 WEEKS LONG • CAN BE TAKEN IN YOUR OWN TIME • OFFER CERTIFICATION

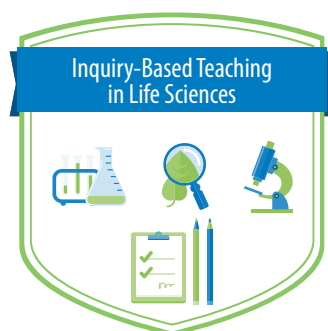

Aim: To help ICT administrators build a school ICT development plan and support them in optimizing and securing the school network, Bring Your Own Device, cloud models and services etc.

Start date: January 2018

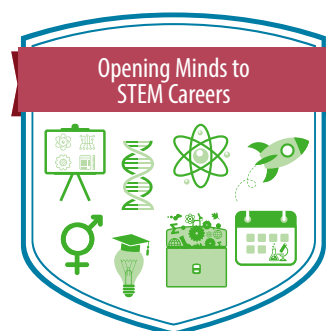

Aim: To raise awareness of resources for teaching online safety in schools and provide practical tips on how to handle cyberbullying, fake news, sexting and online hate speech.

Start date: February 2018

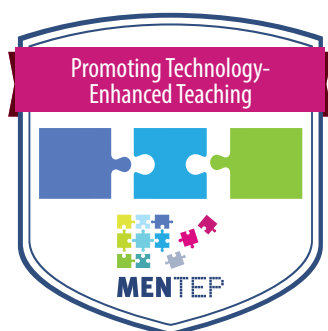

Aim: To equip Life Science teachers with the skills and confidence to implement inquiry-based teaching and learning in the classroom, and offer tested classroom activities and resources.

Start date: March 2018

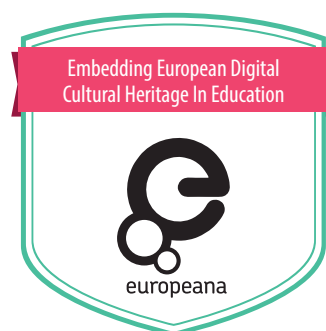

Aim: To train and empower teachers in successfully introducing and attracting young people to STEM careers from an early age, through learning about public and private initiatives.

Start date: April 2018

Aim: To train policy-makers, school heads and teachers on how to use the self-assessment tool for Technology-Enhanced Teaching and conduct a policy experimentation using the tool.

Start date: April 2018

Aim: To learn how to build learning activities using the Europeana Collections to integrate European cultural heritage into the teaching of any subject.

Start date: April 2018

Aim: To help teachers motivate their students by identifying connections between their STEM lessons and the presence and impact of STEM in the real world.

Start date: September 2018

- All courses hosted on the European Schoolnet Academy are developed **in collaboration with our valued partners** from the education, research, and industry communities.
- All courses remain online and **available for self-study** after their closing dates.
- Course pages with **more details** about the content, projects, funding and organizations involved are accessible from www.eunacademy.eu as soon as available.
